DABNEY'S STORE IS BURGLARIZED

O. P. Dabney's furniture and sec-
ond hand store was burglarized last
Sunday evening. The culprits gained
admission through one of the large
back windows by prying off the wood-
en shutter and breaking the glass.
They were evidently professional
crooks. The instrument used for
prying the wooden shutter off was a
sharp piece of a steel spring about 12
inches in length and one inch in
width and sharpened on one end. It
is evident that this instrument had
been used on previous occasions as it
was practically polished on the sharp
end. They also sought a secluded
spot in which to do their work. The
window, through which they gained
admission, was sheltered by a large
apple tree. The other two windows
at the rear of the store could have
been entered with much less diffi-
culty, because the wooden shutters
which protected them were fastened
on the outside, with a staple bar,
while the one through which they
went was fastened on the inside of
the building.

The amount of their reward con-
sisted of eight or ten watches, two re-
volvers and three or four razors. It
is evident that they were frightened
from the scene of their operations be-
fore they had finished their job, be-
cause there were many other like ar-
ticles that they could have taken
without extra effort.

Mr. Dabney stated that he saw two
men standing on the sidewalk near
the store late in the evening, and he
watched them for a time. It seemed
to him that one of the men was
drunk and they were trying to light
a pipe or cigar. However, he had no
suspicion that they were intending to
burglarize the store.

Mrs. Dabney stated that about
10:30 o'clock p. m. she saw two men
standing near the residence, and
heard one of them say, "Well, we
have to have it." These circum-
stances, however, created no suspi-
cion with her, but viewed in the
light of what transpired, she is satis-
fied that these men are the guilty
parties.

Mrs. Simonson, whose residence is
near by, stated that she heard a glass
break about 2 o'clock Monday morn-
ing, and from her window saw a man
leaving from the rear of the store and
going in a northerly direction. His
pal was probably on guard near the
Dabney residence where they made
their entrance to the rear of the
store.

Marshal Ganger was immediately
notified the following morning, when
the robbery was first discovered, and
has wired the authorities in The
Dalles and Portland to be on the look-
out for the guilty parties.

Jailed for Swindling Growers

Danville, Ill.—Telling the farmers
of the surrounding country that he
had a strawberry plant which would
grow to the proud height of a tree,
and thereby save their backs many
strains while picking the berries, H.
S. Blake, a nurseryman, waxed rich
for many days selling the plants.

But the farmers tried to grow them
and they did not get any higher than
the ordinary vine, and now the seller
is in jail here.

Blake is said to have started his
sales last fall. He sold the plants at

a fabulous price. To a man the farm-
ers planted them and gave the plants
careful nursing throughout the win-
ter. In the spring the plants were
but ordinary size, and bloomed along
with the rest of the vines. The farm-
ers then went before the grand jury.

There Are Few

people who know how to take care of
themselves—the majority do not. The
liver is a most important organ in the
body. Herbine will keep it in condi-
tion. V. C. Simpkins, Albia, Texas,
writes: "I have used Herbine for Chills
and Fever and find it the best medicine
I have ever used. I would not be with-
out it. It is as good for children as it is
for grown-up people, and I recommend
it. It is fine for La Grippe." Sold by
